148. Admitted that De Grandy spoke about “allegations of racism”; otherwise, denied.

149. Admitted that De Grandy made the following statement:

Now, surprisingly, neither the Miami Herald Editorial Board nor any of those alleging that the plan is racist has noted any of these statistics as an issue. Now, some would say that the statistics I’ve just presented on the record are indicative of more desegregated and diverse living patterns that continue to develop in Miami, which I believe is a good thing. But, as I stated a minute ago, in the four public hearings and the five community meetings you have had, the only allegation of racism results from the proposed movement of 114 Black residents who are currently represented by a commissioner who is not Black to a district that is represented by a commissioner who is not Black.

150. Admitted that that De Grandy made the following statement:

Now, in the last 30 years, I've been involved in redistricting and reapportionment of congressional, state senate and state house plans as well as school board and municipal plans. In the 1990 redistricting cycle, I successfully sued the Florida Legislature for violation of the Voting Rights Act, in the case of De Grandy versus Wetherell. As a result of that lawsuit, for the first time in a hundred years since Reconstruction, there were three African American members elected to Congress in Florida where for a hundred years, there had been none. I've also successfully litigated in defense of congressional and state legislative plans that complied with the Constitution and the Voting Rights Act. But in light of the statistics I've just put on the record, I would respectfully submit that you do not have to be a redistricting expert to conclude that the allegation of this plan is somehow racist is simply false and inflammatory.

PRAYER FOR RELIEF

Defendant denies the allegations and demands set forth in the Prayer for Relief and deny that they are liable to Plaintiffs in any manner whatsoever.

AFFIRMATIVE DEFENSES

Defendant asserts the following affirmative defenses to Plaintiffs' claims, and reserve the right to amend or supplement their defenses as additional facts become known during this litigation.

FIRST AFFIRMATIVE DEFENSE

Plaintiffs lack standing to bring the claims alleged in this action because they have not suffered any personal injury traceable to the 2023 Enacted Plan. For example, to the extent the 2023 Enacted Plan addressed Plaintiffs district-specific objections to the 2022 Enacted Plan, they no longer have suffered an injury and lack standing. Likewise and to the extent Plaintiffs no longer seek to vindicate their own alleged harms but perceived harms allegedly suffered by others, they fail to demonstrate their standing to bring such claims. *See United States v. Hays*, 515 U.S. 737 (1995).

SECOND AFFIRMATIVE DEFENSE

Plaintiffs also lack standing because their alleged injuries cannot be redressed by this Court. There is no plan (including none of Plaintiffs' four proposed plans) that can or would materially change the racial makeup of the City's districts. Instead, the reality is that the City has a majority Hispanic population, and the racial composition of the City's five districts will remain the same as it has been since 1997: three supermajority Hispanic districts, one VRA required majority African-American district, and one plurality district.

THIRD AFFIRMATIVE DEFENSE

Plaintiffs have failed to state a claim upon which relief may be granted to the extent that have not alleged and cannot prove that the City placed a significant numbers of voters in any

district based on their race. Both the 2022 and 2023 Enacted Plans only made minor changes to districts that did not materially alter the existing racial makeup of any district.
